GI Confesses Costa Mesa Knife Murder

Ousted Serviceman Admits Stabbing Young Mother

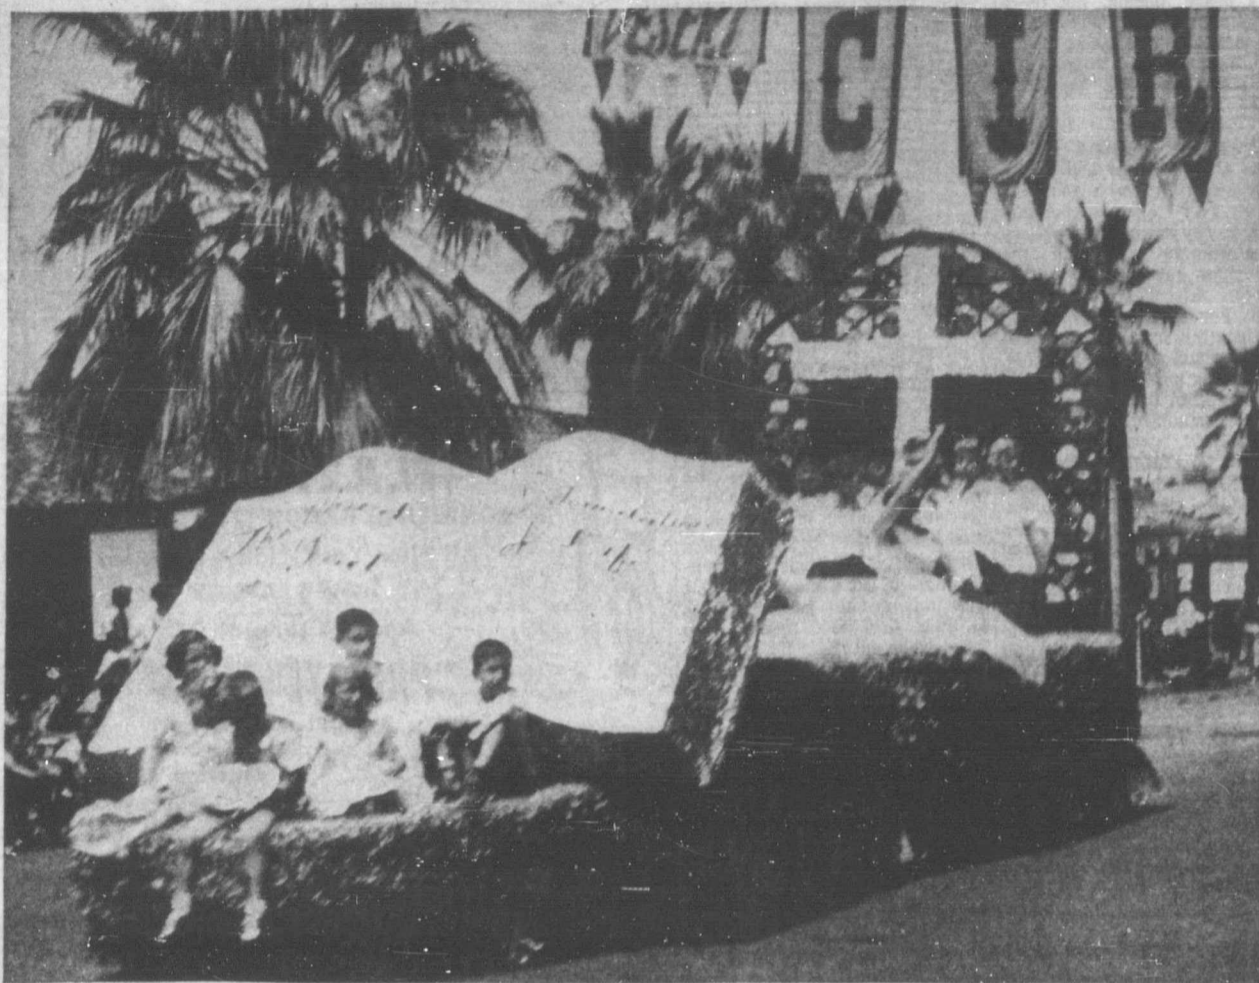

COSTA MESA — A 20-year-old dishwasher, dishonorably discharged from the Army in January, has confessed the rape-slashing of Oleta Camille Hatcher, the 18-year-old Houston, Tex., mother killed here March 28, police said today.

Sgt. L. D. Pollom said John Calvin Tipton, confessed he plunged a butcher knife into the victim when she resisted his advances. The victim, mother of a two-month-old baby, was found by her common-law husband, Pvt. Harold Johnson, partially disrobed on a bed in a motor cabin. She had been stabbed in the chest.

Police said at first the woman had not been raped but admitted after Tipton's confession that they had altered the story for "investigative purposes."

Tipton told police he drifted into Costa Mesa on Feb. 14 or 15 after being dishonorably discharged from the Army at the detention barracks at Lompoc, Calif.

Tipton's confession destroyed an earlier theory that a sex psychopath killed Miss Hatcher and Mrs. Barbara Jean Jepson, 18. Mrs. Jepson was found stabbed to death in her Van Nuys, apartment shortly before Miss Hatcher was killed.

British Send Israeli First Load of Arms

Initial Shipment To Mid-East Crisis Area Called Small

LONDON — The first British shipment of arms to Israel since the Communists began arming the Arabs will leave the port of London soon, the Israeli embassy disclosed today.

But the embassy, plainly desiring to emphasize that Israel still is not receiving from the West the amount of weapons she believes she needs to counter the growing armed might of the Arab nations, stressed that the shipment will be small.

British press reports said the arms would sail from Gravesend tomorrow aboard the Israeli freighter Galila and would total 750 tons of weapons and explosives including Bofors twin anti-aircraft guns, searchlights and explosives.

The Israeli embassy statement, however, said "we should like to state that the reports and figures stated therein are grossly exaggerated and that the consignment in question is of negligible size."

"It does not contain tanks, airplanes or any heavy equipment whatsoever. The balance of arms in the Middle East, which has been so heavily tilted in Egypt's favor as a result of the Czech arms deal, remains unchanged."

The Israeli viewpoint was underlined by reports from Athens that 10 Soviet-built transport planes are being sent to Egypt. The Egyptian air force previously was strengthened with MIG-15 jet fighters supplied by the Communists.

In Cairo, press reports from Saudi Arabia said Egypt, Saudi Arabia and Yemen have decided to sign a mutual military pact.

U.N. Secretary-General Dag Hammarskjöld worked meanwhile to "offset the Arab-Israeli arms race."

In Beirut, Lebanon, he resumed talks with the foreign minister of Lebanon in an effort to achieve an agreement that would lessen border troubles between Israel and Lebanon.

He was reported sounding out the Lebanese on a possible re-drawing of the border line that was set in 1948.

JERUSALEM — Labor Minister Golda Myerson said today it would be criminal folly for Israel to assume the United Nations has achieved anything more than a postponement of war in the Middle East.

"With all our hope for peace, it would be not only foolish but criminal if we were to make believe there will be no war," Mrs. Myerson told an Israeli youth conference here.

Her remarks were representative of the Israeli belief that their war with the Arabs will go into a "second round" as soon as their Moslem enemies have learned to use the weapons they recently acquired from the Communists.

SANTA ANA — Ex-convict Robert N. Monteverde, 32, was shot and killed today after he had wounded a deputy sheriff, was himself wounded and had stolen two cars within three hours in Los Angeles and Orange counties.

Monteverde was spotted by Norwalk sheriff's substation deputies in a stolen car in Norwalk.

They said he jumped out of a car and ran after he was stopped for driving erratically. In an exchange of gunfire, deputy Ed Swanson suffered an elbow wound.

Monteverde stole another car near the scene and next was spotted by California Highway Patrol officers in the Santa Ana area.

Three other CHP cars joined in the first radio car.

As they converged on Monteverde's car he sped away.

Trapped a short distance away, he tried to run, took several shots at pursuing officers and was killed by a shot fired by CHP officer James M. Bergman.

Two companions were taken into custody in Norwalk to be booked on charges of grand theft auto and robbery, according to deputies.

They are Richard Campos, 22, of Anaheim, and Peter A. Cameron, 22, of Santa Ana.

600 TURN OUT FOR COLORFUL BIG TOP BALL

The Big Top Ball, with all the fanfare and tinsel glory of the circus, attracted around 600 picturesquely attired people Friday night, for what even Old Timers say was the greatest in Desert Circus history.

Calloped music, side show banners, circus wagons and a huge elephant (plaster) greeted arrivals as they streamed into Thunderbird. Balloons and banners and the great green-and-white striped tent, plus the colorful crowd added up to an exciting and fabulous scene.

Desert Circus Queen Anita Ekberg, wearing an imported white Italian gown, reigned over the festivities and received an armful of long-stemmed crimson roses when she was introduced by High Sheriff Trav Rogers.

Ginny Simms, in a black Gay Nineties gown and a huge hat with rose-colored plumes, sang to an audience that was so keyed up it never quieted down completely. Connie Moore came over from the Chi Chi to sing, and the Guadalupe Boys, from the Doll House, played. The dance floor was packed all evening, as the crowd danced to the music of Skinnay Ennis and his orchestra.

Costumes were imaginative. Jimmy Cooper came as a strong man, in red tights and a leopard skin. Jimmy Morton was right out of a side show, with a get-up that was half-man, half-woman.

June Pollock was an enchanting French poodle, and Orph Frank was a striped alley cat, with whisker-lines on her face. Lucille Ball and Desi Arnez were matching Western outfits of pale blue and white. Dolph Oberfel was a turbaned sheik. Bettye and Monte Herbert came as two kids in the circus, carrying balloons and pink cotton candy, and Monte had sacrificed his moustache for the occasion.

Lynne Jennings was a glorified ringmaster in a black and white costume, trimmed with jet.

All the glittering glamour of the circus, with dozens of beautiful girls in abbreviated costumes of aerialist and trapeze artists, clowns, animal trainers, and even roustabouts were themselves part of "the greatest show on earth," and the hundreds of people filled the lounges, the dining rooms, and the tent, and overflowed into the poolside area.

A New Yorker, Philip Lukin, who is staying at the Racquet Club, won the all-expense trip to Las Vegas.

This year's Big Top Ball, a revival of the Big Tops of earlier Desert Circuses, was chairmanned by Phyllis and Joe Froggatt. They were assisted by Margaret and S. P. Manasse, Sadie and Rocky Hall, Lucy Long, Georgianna Poston, Virginia Farrell, Jeann Ballard, Sam Taylor, Roy Bradley, Harry Drewery, Lillian McClure, Dorothy Gray Brown, Helen Kenaston, Frank Bennett, Bettye and Monte Herbert, Helen Worth, Betty Paige, Orpha Frank, Ed McCoubrey, Janice Chicquaine, Joan McManus, Ella Dyer, Daphne and Jim Tuma, Velma Dawson, Earl Cordrey, Beverly Taylor, Mary Harris, Frank Bogert and Hermine Rosin, Maggie Hicks, Judy Howard and June Clark, Emma Gale.

The Chamber of Commerce float featured pretty girls in pink shorts and the letters on their black sleeveless blouses spelled out "Palm Springs." Each carried a tennis racket, golf stick, ball, mallet or bat, representing the diversities of desert resort life.

Andrea of Palm Springs had one of the most beautiful floats. A bride and bridesmaid, and altar boys stood in front of a bell tower, topped with a cross and with niches holding small madonnas.

One of the most picturesque of the commercial entries was the Show Boat entered by Citizens National Trust and Savings Bank. Tinsel on the paddle wheel gave the illusion of water turning, and pretty showgirls on the decks held signs that read "Diamonds are a girl's best friend . . . after money in the bank."

THE TAHQUITZ Villa entry was a scene of action with kittens enjoying all of their nine lives. Behind the float on rollers were three small tombstones, labeled, "It's later than you think."

The BPOE float was a big piggy bank with coin above and the legend, "A Coin a Day, They'll Walk and Play" representing their work for crippled children. Camp Fire Girls, Brownies and numerous organizations were in the line of march.

Outstanding among the many professional floats was the Desert Sun's huge "Speed Graphic" Camera, in front of a front page that was headlined "This Is Your Life," which was made by the Sun staff.

Bank of America used the theme "Life's vacations are in the bag," with a big travelling bag and a golf bag.

Sensational was the Compton High School Band with its column of precision marchers. There were 160 high school boys and girls in this one entry.

Howard Manor's float featured its swimming pool surrounded by swimmers and sun bathers.

Procession Requires 3 Hours to Pass

Spectacular Called Second In Length Only To Pasadena's

Palm Springs topped off its twentieth annual Desert Circus Week today with a spectacular parade witnessed by a record crowd, which the Police Department estimated at 10,000 persons.

Observers said the three-hour procession was second in length and splendor only to the world-famous Pasadena Tournament of Roses parade.

It was the greatest in the history of Palm Springs with more floats, more bands, and over 100 entries.

Following the color guard at the head of the parade was Grand Marshal Kirk Douglas, riding with his two sons, just ahead of the Los Angeles County Sheriff's posse. Jimmy Morton, Desert Circus Association president, and High Sheriff Trav Rogers, rode in the parade.

MORE TO COME
Desert Circus activities are just starting. Ray Corliss and Jimmy Cooper, co-chairmen, said this afternoon.

Starting at 5 p.m. will be the Kangaroo Court at El Mirador Hotel, and immediately following its conclusion at 9 will be the Elks sponsored Sheriff's Ball at the American Legion hall.

Tomorrow afternoon will be the Square Dance Jamboree at Deep Well, and Sahara Park, with clubs from throughout Southern California expected to be in attendance.

Alongside Queen Anita Ekberg, who wore a pink and turquoise western outfit. In contrast, the co-chairmen of Desert Circus Week, Ray Corliss and Jimmy Cooper, were wearing jeans and white shirts, straw hats, and riding palominos.

Kangaroo Court Judge Leo Fields and the deputies, wearing matching black and white outfits, rode in a tallyho.

AMONG OUTSTANDING floats was the Palm Springs Community Church entry, with an open book in front, with the legend "The Word of God—The Foundation of Life." Behind this a youthful robed choir sang in front of a golden cross and a stained glass window.

Benson and Ike Confer on Aid Latter Promised

WASHINGTON — President Eisenhower and Secretary of Agriculture Ezra T. Benson conferred today on boosts in farm price supports which Mr. Eisenhower ordered when he vetoed the farm bill.

The White House conference lasted for almost an hour.

Benson told newsmen afterward that he plans to announce before long the support price that will be available this year to corn farmers who overplant their acreage allotments. This guarantee, ordered by the President, is unprecedented in the farm program.

Benson said his department still must formally announce the higher 1956 crop supports of \$2.00 a bushel for wheat, \$1.50 a bushel for corn farmers who comply with allotments and \$4.50 per 100 pounds for rice.

These supports originally were set by Benson at \$1.81 a bushel for wheat, \$1.40 for corn and \$4.04 for rice.

Benson said his conference with the President touched "only in a general way" on the administration sponsored soil bank.

Zouganiles, Hensley Bookies Cases Dropped

Felony bookmaking charges against George Zouganiles and Zella Hensley were dismissed for insufficient evidence by Superior Court Judge Hilton McCabe in Indio yesterday.

The two were part of a group arrested in three cities in the county by Sheriff's deputies in a mass raid March 10.

When an Indian appeared in a Nevada drug store for the fourth time and asked for a half-dozen bottles of a certain cough medicine, the druggist grew curious. "Somebody in the family sick?" he asked. "Nope, no sick," grunted the Indian. "Then what in the world are you doing with all this cough syrup?" persisted the druggist. "Ugh!" responded the Indian. "Me likeum on pan-cakes."

Democrat Sees Soil Bank in New Deal Law

By UNITED PRESS
A House Democratic farm leader said today a "few sentences" would erase GOP objections to operating a soil bank under an old New Deal law.

Republicans protest the 1936 law isn't broad enough to give the administration authority to run the proposed \$1.2 billion soil bank.

But the Democrats are pressing forward with plans to give the administration just the \$1.2 billion on the ground that a Democratic-controlled Congress enacted authority for the program 20 years ago. That enables them to claim credit for the soil bank.

Rep. W. R. Poage, second-ranking member of the House Agriculture Committee, said a "few sentences" added to the old law would make it broad enough to meet GOP protests.

Other congressional news: FOREIGN POLICY: Chairman James P. Richards (D-SC.), of the House Foreign Affairs Committee said he would welcome an American "get tough" policy in the Middle East.

He warned: "We must not be played off as suckers."

LABOR: The Senate Labor Subcommittee will hold public hearings April 25-27 on moves to outlaw forced labor throughout the world.

Experts on slave labor in Soviet bloc nations will testify.

TRADE: The administration gave the Senate Investigating Subcommittee long-sought secret documents on international control of strategic trade with Communist nations.

The documents included the control list of strategic goods and the standards used in compiling the list.

The subcommittee is investigating whether U.S. Allies are shipping strategic goods to the Soviet bloc.

CULVER CITY — Two pregnant women were sentenced Friday to 10 days in jail for shoplifting maternity clothes from two department stores.

Mrs. June King, 30, and Mrs. Vivian Eggert told Justice Court Judge Lawrence P. Scherb they did not have funds to buy the clothes.

House Body Ponders Whether Plane Drinks Make Airline a Flying Saloon

WASHINGTON — Commercial airlines and their pilots and stewardesses differ on whether airborne drinking has changed airliners into flying saloons and burlesque houses.

The pilots and stewardesses protested to Congress yesterday that serving alcoholic drinks to passengers during flights is dangerous. They said drunken passengers often become obscene, troublesome and create a safety hazard.

But an airline spokesman denied that serving passengers drinks was dangerous to the plane's safety. He said 8,000,000 of the 10,000,000 persons using commercial airlines last year wanted to be able to have a drink aloft.

Both sides of the question were discussed at a hearing before a house commerce subcommittee considering legislation to forbid the airlines to serve alcoholic drinks.

Civil Aeronautics Board Vice Chairman Joseph P. Adams told the subcommittee the CAB has not received "an authentic account of a single accident" in which liquor affected safety. But he said the CAB held no official position on the question.

Rowland K. Quinn Jr., president of the Airline Stewards & Stewardesses Association, told the subcommittee that drunken passengers often became "cantankerous, boisterous and generally unruly."

He said they annoy the other passengers who are sober. Quinn said the airlines started serving liquor to create the atmosphere of a family living room. Instead, he said, they've turned the atmosphere to that of "a saloon or a burlesque house."

Trainman Gets Tot's Photo for Saving Her Life

CHICAGO — John Hill, 29, an engineer who stopped his speeding train just short of a little girl who was sitting on the tracks, enjoyed his reward today.

It was a colored snapshot of Peggy Gallagher, 3.

Peggy got tired Thursday and sat down on tracks of the Chicago and North Western Railroad in suburban Glencoe.

Hill's train was approaching at 55 miles an hour. While he slammed on the brakes, another engineer, Howard Yarbrough, crawled out on the catwalk to the front of the diesel, prepared to scoop Peggy up if necessary.

The train came to a halt just a few feet from the tot.

Peggy's mother wanted to give Hill a gift but he said all he wanted was a photograph. He went to Glencoe on his own time today to get it.

Sheriff's deputies said the six men filled a tank truck with gasoline at the refinery at night, then sold the stolen fuel to service stations at cut-rate prices.

4th Victim Still Sought in Mine

SUNNYSIDE, Utah — Rescue workers who dug three coal miners from the mass of coal and stone that trapped them for 40 hours searched today for a fourth and still missing miner.

Relatives of the missing man still hoped he would be found alive but less optimistic mine officials doubted a miracle, like the one that saved the lives of the other three, would be repeated.

No sound has been heard from 58-year-old Joseph Otterstrom, since the pillar tunnel three miles within the Kaiser No. 2 mine collapsed Wednesday.

Charles M'Arthur of 'Front Page' Fame Dies at 60

NEW YORK — Charles MacArthur, husband of actress Helen Hayes and playwright chronicler of the roaring '20's of which he was a madcap, died at New York hospital today at the age of 60.

MacArthur entered the hospital April 17 suffering from nephritis, a kidney ailment and severe anemia.

In 1928 he wrote, with Ben Hecht, "Front Page," a wild, hard-boiled smash-hit drama of the newspaper business. It set a pattern for motion picture, radio and later, television, portrayal of newspapermen that real newsmen still are trying to live down.

In recent years MacArthur had been a producer as well as a playwright. At the time of his death he was understood to have completed a new play, based on the life of Lady Mendel, in which Miss Hayes was scheduled to star.

Predicts Machine That Can Top Man's Intellect

PRINCETON, N. J. — A British scientist claims science now can produce a machine more intelligent than its maker.

Dr. W. Ross Ashby says in his book "Automata Studies," published by Princeton University press yesterday, that such machines "are possible in the sense that their building can start today."

He said that while time to get an answer from a brain machine might be a discouraging factor, "it is not impossible the method may be successful in those problems to which the question is specifically addressed."

The Good... and... The Bad

IN THE WEEK'S NEWS BY UNITED PRESS

THE GOOD

1. The explosive Palestine situation took a marked turn for the better. Dag Hammarskjold, secretary general of the United Nations, held a series of talks with Egyptian President-Premier Gamal Abdel Nasser and Israeli Premier David Ben-Gurion.

The result was an announcement that Egypt and Israel had agreed to a complete cease-fire on their frontier. An outbreak of actual war had been threatened there.

It was a personal triumph for the quiet-working Hammarskjold, whom the U.N. had entrusted with a peace mission. But there was no doubt that a personal peace plea which President Eisenhower had sent to Nasser and Ben-Gurion last week played a part also.

2. TWELVE NATIONS including the United States and Soviet Russia agreed in Washington on a charter for an international atomic energy agency. The agency will coordinate throughout the world plans to bring to reality President Eisenhower's historic "Atoms For Peace" proposal.

The charter must be approved at a conference to be held at U.N. headquarters in New York City in September. But this approval was believed certain.

3. THE KREMLIN, in its latest step in debunking Josef Stalin, dissolved its eight-nation Communist Bureau of Information, The "Cominform" had been organized in 1947 as a propaganda agency.

Russian leaders had asserted emphatically as late as last February that the Cominform would not be liquidated. The reversal of policy was a tacit admission that the Cominform had long been a corpse.

President Tito of Yugoslavia killed it, for all practical purposes, when Stalin used it to try to purge him, and failed miserably.

U.S. Will Reject Soviet Protest on H-Bomb Tests

WASHINGTON — U.S. officials said today there is no question a Soviet protest against American H-bomb tests next month in the Pacific will be rejected.

The State Department declined immediate comment. A department spokesman said the protest will be "studied and replied to in due course."

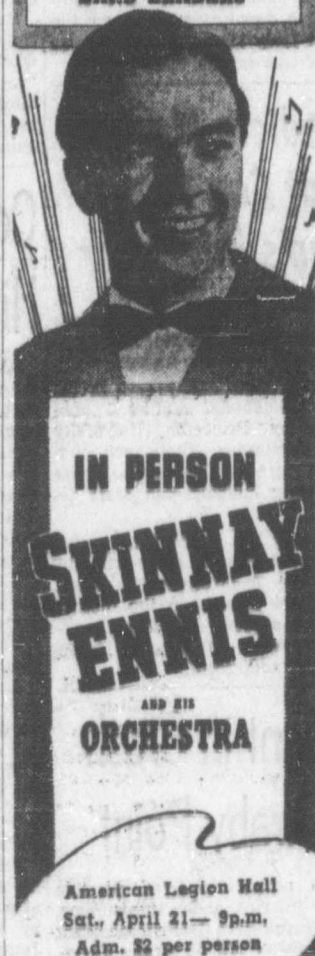

The contents of the note were not made public here. But a Moscow radio broadcast monitored in London said the tests would violate international law and be "incompatible" with the United Nations trusteeship system.

The Moscow broadcast charged that the tests would "threaten the life and well-being" of the peoples of trusteeship territories in the area as well as that of "a number of states in the Pacific Ocean."

The State Department said the Soviet protest actually was received Wednesday but it was delayed in reaching the officials who have the responsibility for studying it and preparing a reply.

Thomas Foresees All-Atomic Navy Within 15 Years

SAN DIEGO — Secretary of the Navy Charles S. Thomas told a San Diego audience Friday that he expects the entire Navy to be atomically powered within the next 15 years.

Thomas, who is on a two-day inspection of military bases in the area, said the success of atomic-powered craft, such as the submarine Nautilus, shows how the Navy is changing away from what were called conventional warships a few years ago.

He is scheduled to fly to Los Angeles after completing his inspection.

A full-grown elephant will consume 150 pounds of hay a day and drink 50 gallons of water.

The African elephant grows to a height of 11 feet and attains a weight of as much as six tons.

FINAL SHOW OF 1956 SEASON

Margaret Weds Daniel Today

INDEPENDENCE, Mo. — Margaret Truman marries New York newsman Clifton Daniel this afternoon in the same little Episcopal church where she was confirmed 16 years ago.

The events leading up to the wedding were devoid of pomp and circumstance and were as far apart as Independence is from Monaco.

Such personages as party giver Perle Mesta of Washington and Mr. and Mrs. William Zeckendorf of New York were in Independence for the wedding, but the socialites were outnumbered by the longtime friends of Margaret's childhood.

Only 18 persons attended the bridal dinner Friday night at the Kansas City Club in downtown Kansas City. The party was headed by former President and Mrs. Truman.

Major Ike Policy Speech Tonight

WASHINGTON — President Eisenhower at 10 p.m. EST today delivers a major foreign policy address expected to unfold a new program for easing East-West tensions especially in the Middle East.

The President will speak at the annual banquet of the American Society of Newspaper Editors convention.

Democratic presidential candidate Adlai Stevenson also was scheduled to address the editors on U.S. foreign policy at a lunch. His managers billed it as a "major speech."

Doctor Says 4 Minutes Separate Life from Death

LOS ANGELES — A University of Southern California doctor says only four minutes separate life and death when a person's heart stops beating during an operation.

Dr. Seymour L. Cole, of Beverly Hills, Calif., told the 37th annual session of the American College of Physicians that the brain can go without oxygenated blood that long without being damaged.

"A case of cardiac arrest occurs every operating day in a hospital... in Los Angeles," he said. There are probably 10,000 such cases a year in the United States.

Mollet Regime at New Crisis

PARIS — New blows from right and left today rocked Premier Guy Mollet's shaky minority government, now facing a tax debate which may precipitate a new political crisis in France.

Extreme Rightist followers of tax-hating Pierre Poujade announced they will boycott the National Assembly as a protest against its invalidation of the elections of six of their fellows.

At the same time, a Communist campaign of nuisance strikes and demonstrations against Mollet's "get tough" policy in Algeria is gaining headway. Several hundred metalworkers in Lille laid down their tools and staged a protest march.

Supervisors to Hear Rancho Mirage Incorporation Arguments Monday

By FRED C. WEIGEL
A hearing before the Board of Supervisors of this county will be held in its chambers at the court house Monday afternoon at 2 p.m. at which time opponents and proponents of the incorporation of Rancho Mirage will argue their points on one of the most controversial questions to arise in the Desert Empire.

Council for the proponents is attorney William Shaw, whose oratory technique is surpassed by few councilors of law.

Handling the case for the opponents is former assemblyman John Babbage, whose political background has given him an uncanny insight in the handling of public hearings.

Petitioners have asked the Board of Supervisors to set boundaries of the proposed city and a date for a hearing. Under the State laws of incorporation the date of election cannot be held sooner than 54 days after the hearing and at the same time a city council must be elected.

The filing as a candidate in this election can be done within 74 days prior to election. The petition, submitted by the proponents of incorporation, uses a figure of 1000 residents of the incorporation and includes an area of 4½ square miles.

During 1955 Pennsylvania had 27 fires in which the damage exceeded a quarter-million dollars.

Two Commended for Alertness in Hit-Run Case

Two motorcycle patrolmen were commended for alertness this week by Chief A. G. Kettmann because they traced a bent headlight rim, found next to a smashed car last week, to the alleged driver of the hit and run auto.

Officers Nick Maff and Robert Flavin were honored by Kettmann as the men who discovered the identity of a young Marine suspected of driving a girl friend's car into a parked vehicle owned by Dan Rubin, of Los Angeles.

The suspect, Donald J. Prekler, 20, of Twenty-nine Palms base, will face a traffic court Tuesday on a hit and run misdemeanor charge.

Flavin took the paint-streaked headlight rim to a car agency, discovered that it belonged to a specific make. The paint, make and age of the hunted car were written on the daily bulletin where Maff read it, and later discovered the car while on routine patrol.

The Marine's girl friend, owner of the car, drove him to the station when he returned for a date Wednesday evening, and Rubin was contacted. Prekler admitted he probably had caused the \$400 damage to Rubin's vehicle.

Obern Listed in Who's Who

The name of Earl R. Obern, real estate editor of the Desert Sun and well known local real estate investment counselor appears in the newly published edition of "Who's Who in the West," published by A. N. Marquis Co. of Chicago, also publishers of Who's Who in America.

Obern was born in Newark, N.J. and came to Los Angeles at an early age. He was formerly executive secretary of the Los Angeles Rotary Club, financial editor of Hearst newspapers, Pacific Coast Manager Dictograph Products Co. of New York, as well as being connected later with Citizens National Trust & Savings Bank of Los Angeles and Anglo-California National Trust & Savings Bank of San Francisco.

We want to express our approval again of what you have accomplished for our town, and to give you our support for your future efforts on Palm Springs' behalf.

Now that the storm and strife of electioneering have passed we'd like to say: it is clear to us that we have a fine government which is eminently qualified to carry forward the growth of our community.

Congratulations to all reelected members—Mayor Florian Boyd, Ruth Hardy and Ted McKinney, and welcome to Leonard Wolf, Jr.

We are looking ahead to an important period of progress, and hope the Council will feel free to call on us for whatever assistance we can provide.

EDITOR'S CORNER By OLIVER E. JAYNES

Income Tax Inequities

This being the time of year when most Americans have just divided a sizable portion of their incomes with the Federal government we are hearing a lot of complaints about the income tax law. People do not seem to object as much about the burdensome feature as about the complicated law with all of its exemptions, exceptions and inequities. Many taxpayers fail to take advantage of all their allowable deductions because they simply do not understand them; others escape payment because the law is loaded with exemptions. Even the tax experts fail to agree in many cases on how much a person should pay. The law has become more complex all the time and taxpayers have to look up rulings in contested cases often to know where they stand. Even then they are in doubt. Two or three years later when the government gets around to reviewing their returns taxpayers often find that they owe a sizable additional tax which may work a hardship on them to pay. This is true even though a person may have been perfectly honest and tried his best to make out a correct return. He may even have had the help of highly paid experts and still find he has an additional tax to pay, plus interest on it for two years or more. Some drastic revisions on our federal income tax laws are in order and a great deal of pressure is going to be put on Congress for reforms in the near future. A strong national movement for revision of the Federal income tax law is under way.

Where the Money Goes

The American taxpayers realize that it takes a lot of money to do all the things which the Federal government has undertaken. They know that the national defense program is expensive but necessary. Not as many will agree on the staggering sums for Foreign Aid and Farm Relief. A lot of people right now have good reason to question the wisdom of rigid farm price supports and will admire the courage of President Eisenhower for his veto of the "bad bill." Pensions, veterans aid, highways, schools and interest on the national debt take a big slice of the federal income. The actual cost of operating the normal functions of the Federal government is very small. It's the give-away programs which have added so greatly in the last two decades to the tax burden. And more are being proposed all the time. All the while the government is running farther into debt in a highly prosperous economy. There is little the average taxpayer can do about it all except to encourage nation-wide groups and movements designed to combat well-organized interests which keep the pressure on Congress. The unorganized taxpayers do not have a lobby in Washington to look out for their interests. But there are some organizations which are helping and need widespread support. Be on the lookout for them — they are your only hope. This is also the time to contact your prospective representatives in Congress and give them your views BEFORE they get there. Let them know what you think about Federal spending programs. Only in this way can some "new blood" be put into Congress and make it more responsive to the people.

End of the Tank

(St. Louis Globe-Democrat, St. Louis, Mo.)

American experts report from Paris the French have developed a new "ground-to-ground" missile that is the best anti-tank weapon the world has yet seen. They believe it may make these slow and heavily armored vehicles as obsolete as Custer's charge.

If so, some of the great superiority of

the Russian ground armies would vanish. For their edge over the West is based partly on the many armored divisions they have fully equipped ready for combat.

In this day of rapid technological changes, even the text books on warfare must be rewritten almost as soon as they appear in print.

ROBERT S. ALLEN:

WASHINGTON — A new tide-land oil battle is brewing that may soon be exploding stormy political headlines in Congress.

This looming fray revolves around San Nicolas Island, 65 miles off the coast of Southern California, on which the Navy and Air Force have spent \$100,000,000 for a guided missile test base.

The Navy has come to believe there is oil on San Nicolas, and wants to conduct drilling preparatory to designating the island a federal oil reserve for wartime use. This backstage plan has the hearty approval of Representative Carl Vinson (D-Ga.), potent chairman of the House Armed Services Committee.

But the Navy's proposal has run head-on into vehement opposition in two other powerful quarters, as follows:

Interior Department — which contends private interests should develop San Nicolas' oil potential.

State of California—which fears that if the Navy gets this oil, the Navy will also establish a basis for claiming the oil rights between the island and the continental shelf. Continental shelf oil rights are a red-hot legal issue, and the tideland oil states are warily on guard against any encroachment by the federal government.

Spearheading this opposition is a bipartisan group headed by Representatives Harry Sheppard (D., Calif.), chairman of the House Appropriations Subcommittee in charge of the Navy's budget, and Richard Wigglesworth, Mass., ranking Republican Committeeman.

They have kicked up such a ruckus that the Navy has agreed to restudy its plan for a possible "new recommendation." Assistant Navy Secretary Raymond Fogler promised to do this at the conclusion of a caustic closed-door meeting, during which

he and Captain Albert Miller, director of Naval Petroleum Reserves, were subjected to critical grilling.

UNDER FIRE—Representative Sheppard flatly challenged the Navy's right to make San Nicolas part of the Navy's oil reserves.

"Your legal interpretation," Sheppard told Captain Miller, "is not consistent with the statute you have referred to. That law applies to established reserves, and you admit San Nicolas is not part of those reserves."

"The late Charles Francis Adams (Navy Secretary in the Hoover cabinet) held that if oil were found on this island, it should be reserved for Navy use," argued Miller. "He laid down that policy in a letter to the White House way back on February 16, 1933. It seems very clear to us that it has long been the Navy's intention to convert San Nicolas to a petroleum reserve in the event oil is established there."

Commander E. C. Smith, assistant to Captain Miller, asserted that private companies are not interested in developing the island's oil.

"I don't know of any commercial company willing to go out there, drill for oil, and if it's found, close down the well and save the oil for use in time of national emergency," Smith declared.

"Maybe the Navy won't always be on this island," pointed out Representative Wigglesworth.

"The State of California has a vital interest in this matter," added Sheppard. "Tideland oil rights are involved here, and the state made a recent declaration relative to drilling for oil a certain distance from the shore."

"Under the continental shelf law," said Captain Miller, "any land which has been set aside by the Defense Department for

WASHINGTON REPORT

military purposes is not subject to oil leasing."

This was sharply challenged by Sheppard who demanded of Fogler, "Don't you think that under the circumstances at this time, it would be proper for you to take another look at this question?"

Fogler immediately agreed.

BE WARY—Premier Bulganin and Communist party boss Krushchev brought some highly tempting lures with them to Britain. One is the offer of a large gold loan.

This extraordinary offer is part of a 100,000,000 pound sterling trade proposition—with the usual Red catch to it, in the fine print. All the Kremlin rulers want in return for a gold loan and the huge trade deal is the lifting of the NATO embargo of strategic goods to Iron Curtain countries.

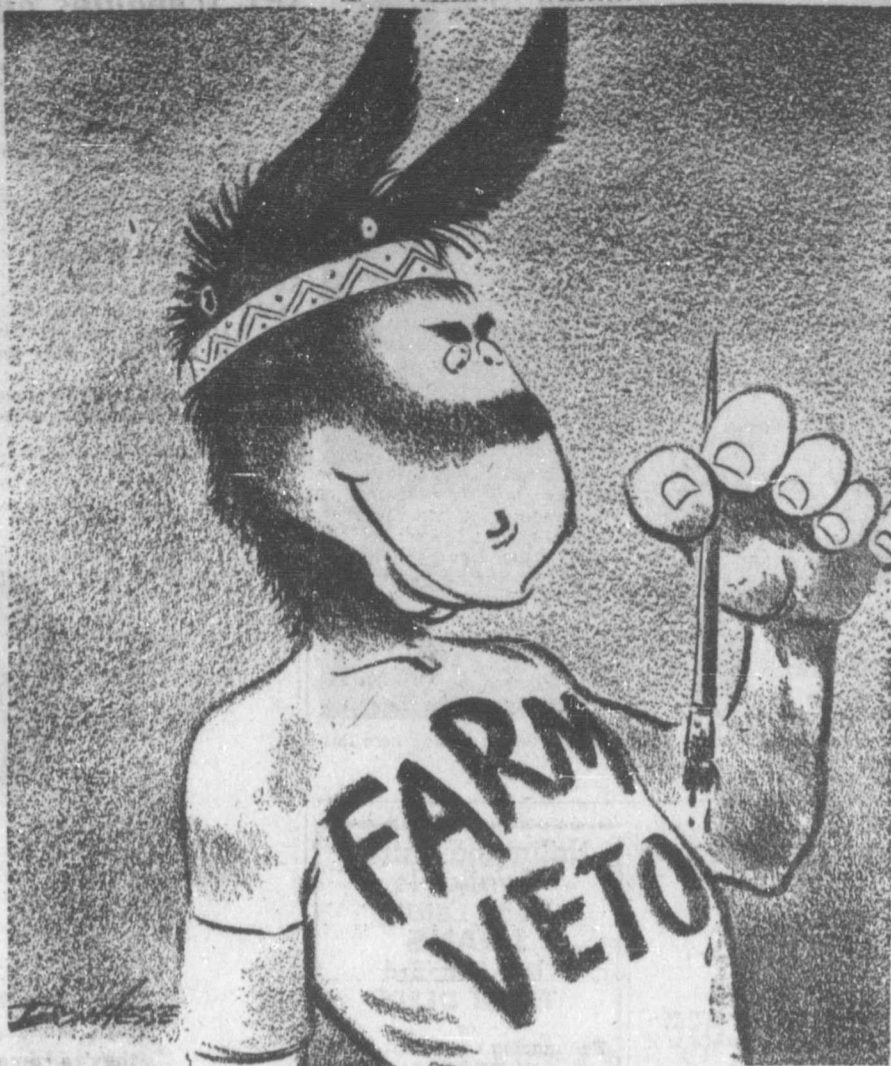

If Britain will agree to that, the Reds are all set to do business. That's the inside word the State Department has received from London.

Malenkov is reported telling one group, "Bulganin and Krushchev are particularly interested in talking trade during their visit. You will find them very cooperative."

NOTE: The State Department received detailed reports on Malenkov's visit, and will get similar ones on the trip of "B and K." One report on Malenkov concluded: "His visit was in many ways highly successful as a good will ambassador."

Sending him here in advance of the other two was an astute move, which has paid off very profitably for the Kremlin. Malenkov got extensive coverage in the press with many pictures, and his generally smooth performance, while obviously corny and phony, has had effect in lulling popular British suspicions of Russians and thereby is smoothing the way for "B and K."

THIS SIDE OF THE SUN
By Phat

You'd better go west
At least as to clothes
Or your pocketbook
Will be filled with woes.
The reason I don't
Is as a cowpoke,
I'd certainly look
A hekuva joke.

Here it is, last day of the circus and I finally found a rhyme to go with it. Would have liked it better if it had been "cow-poke." Then I could have used "jerk."

THE DESERT SUN had a float in today's Desert Circus Parade. That is, if the boys and girls, plus wives and husbands (or a reasonable facsimile of same) finished it in time.

Practically everyone from the display and classified sides plus a few kabitizers from the news side, worked on it almost every night this week.

They all were making flowers, red, green and white, for the project. Only casually was suffered by Mary Louise Lindley. She punched a wire into her hand instead of into a flower.

Fortunately it was not the kind of wire which brings us light, heat, refrigeration, radio and TV. She wasn't shocked but some of the listeners were.

FOR MANY YEARS I was a ghost writer. Practically every proclamation put out by Palm Springs mayors from Gene Therau, Clarence Hyde, Charlie Farrell to Florian Boyd, first saw the light of day on the platen of this old Woodstock.

But Mayor Boyd recently decided to go it alone. And see what happened? He proclaims May as "minuteman" month.

And for ten years we've been trying to make it month-man-and-woman-month.

THEY'VE BEEN PAVING and oiling roads like crazy around Palm Springs in recent years. But people still get stuck in the sand. On a busy day here when the town is full of sightseers and tourists, fellows at Kenny Paul's, where club emergency calls go, say they are summoned out repeatedly to help some city driver become unstuck.

It was Zaddie Bunker who first told me how to keep from digging in.

"If you feel the sand taking hold, DON'T STOP. Keep moving slowly," she said.

Zaddie doesn't have to worry about getting stuck in the sand anymore. She's far above that now.

Only thing, sometime she might get stuck in a cloud the way she's flying all over the country.

PALM SPRINGS is getting to be the electionist town. Comes the school election May 18 and there are eight candidates looking for the one available spot at stake that day.

And I can recall when there used to be trouble in finding enough candidates to fill out an election. And if a dozen voters turned out, it was an exciting election. Not these days.

Looking over Bill Rashall's shoulder as he threw solid punches at his typewriter, I noted where he remarked about being kissed by a pretty girl—told it right out in plain print. Who does he think he is—Jimmy Roosevelt?

Unedited

Palm Springs continues its mad cap pace — bouncing, rollicking and dancing these glorious days away with more in store. And there are plenty of out-of-towners here to participate in the enjoyment of the fun.

In the Starlite Room of the Chi Chi last night enjoying the show and dining were Governor Knight and his lovely First Lady of California. He was the guest of Mr. and Mrs. William Reichel and in their company too was none other than E. Roy Fitzgerald, just returned again from Chicago.

There, too, was vibrant Rose Mints in company with her cousins from Denver, Mr. and Mrs. Sam Tatarsky who left fog-shrouded and chilly Ojai for the balmy weather of Palm Springs. If you have an opportunity of talking with Rose Mints you will find her words come rolling at you with a soft intensity. She thoroughly believes in what she has to say.

And Eddie Houghton sat not far removed from the table occupied by the big boss of National City Lines, Fitzgerald. Mr. and Mrs. Houghton were hosting a dinner and show party for six.

RUBY OF THE DUNES was hardly able to play a good game of golf because one of the threesome, Danny Thomas, recently returned from abroad, kept him and Director Sidney Landfield in stitches. At the Dunes, Mort Kallis, long a winter resident in Palm Springs, was hosting a party for 14 people. Mort at one time almost bought a newspaper in Palm Springs. At that time he said the price was too high. Today he wishes he had forgotten about the price and bought. He's the owner of a large printing establishment in Chicago.

Looked in at Don the Beachcombers to find that Pat O'Dea was just about to depart with his bride for home and the baby. And there was Eddie King not feeling so well with two teeth just pulled and two more to go. The place was jammed with a sprinkling of Villagers. Espied Arnold Rumwell and wife sipping at some exotic, and there too was Bill Boggess. Rolled back downtown and ran

into Al Bergman and his lovely wife eating jello in the Chi Chi dining room. They had just arrived from Los Angeles. There are many in this town who will remember Attorney Bergman. This guy really fights in a court room battle and the hotter it waxes the better he is.

Over at the Dunes again passed my boss Ward Risvold and his wife on their way out and home with two guests, Mr. and Mrs. Earl Gregg of Omaha. Mr. Gregg is engaged in the cattle business in that city which involves a position somewhere between the rancher and the packing companies.

Ran into a crowd at the Saddle and Sirloin with the waitresses and waiters busy serving a packed house. There were too many Villagers there to mention in the space allotted here.

THE MEMBERS OF THE Junior Chamber of Commerce took the Doll House over following that organization's presentation of a comedy farce "This is Your Life," from the stage of the American Legion. They played to more than 200 persons who jammed the place and an outstanding bit of buffoonery was the part played by Barbara Mutascio who was billed as Mathildy Lawford, society editor of The Desert Moon. George Strebe acted himself and that was funny without caricature. Ted McKinney appeared as himself but his attire was mighty funny — he had almost nothing on except a diaper with the message inscribed on the back reading: "Vote for Ted McKinney."

Joe Wood outdid himself in singing the song called "He," and the cast and spectators at The Doll House were still raving about his rendition of that song.

All gave great credit to John Linkie who worked his — can't mention the word here — to a frazzled putting the show together, directing it and even designing the props.

And most important of all that I liked most was the kiss properly planted on my cheek from Eleanor and then home to bed to leave behind me the gay laughter of the crowd of youngsters who were still thrilled with their fun show.

NEW YORK — Herb Shriner's been tagged by CBS to be one of its "r-really big" men next year—with an hour variety show — but he claims he doesn't intend to be any genius.

"If you go all out, you may go on out right through the other side of the room," Harmonica Herb says. "I don't plan to come up with anything very revolutionary."

"I'll see if I can get away with some more of my singin'," he adds. "I've got great hopes for the show, but to tell the truth, me and Pixie never buy anything when the payments last longer 'n 13 weeks."

"Television's too uncertain. Firin' is bound to go on forever in television. Everybody fires people, but Godfrey and Sid Caesar are the only ones that get caught at it. I'm sure some day some big TV star is going to come on and say 'I think I've had it, as of right now I'm firin' myself.'"

Herb's been trying to find out what night he'll work.

"I look 'em square in the eye and say 'What night am I on?' and they say, 'If we find out, we'll try to get permission to let you know.'"

"Bein' a hi-fi nut, I'll probably have some good music, to take the taste out of your mouth from my own singin'."

"And I'll continue interviewin' people. I was thinkin' of interviewin' people that stand up and wave on Ed Sullivan's show. I've always wondered what those people'd have said if Ed had allowed them to say anything."

Herb's become a "packager" now—"I got to build my own bunch," he explains.

This means the boy from Fort Wayne will be a corporation like Jackie Gleason and Perry Como. "I'll do a monologue, but I don't know whether I'll open the show with it. It never seemed right to me that way. You work for 20 years to be a star of your own show and then you have to go on and open it."

"Maybe that isn't the right place to tell jokes."

"Maybe a guy just had his Adam's Apple cut out on 'Medic' and the poor guy's layin' there dead and gone and a comedian comes on and tries to tell jokes. Somehow, you resent him."

Herb, who's been a quizmaster on "Two for the Money" for four years, is wondering whether he'll have a chance with the TV audience now.

"Maybe they'll snub me," he

says, "when I don't have any money to give them any more."

I told Herb that everybody's talking about him.

"It isn't so bad when people talk about you," Herb said. "It's when they won't talk to you that it hurts."

THE WEEK-END WINDUP . . . "DON'T PRINT THAT!" A famed singer's husband screens her boy friends and recently rejected one, explaining to her, "I had him investigated—he's not good enough for you, dear."

One of the record industry's top men was quizzed for three hours by tax men about the payola problem.

Cleo Moore, posing for pictures, asked a friend to hold a package, then forgot it. Later she phoned anxiously about it—it held 10G's in jewelry. . . . Bernie Green sent a wire to Johnnie Ray at the Desert Inn: "Your opening was the greatest since Moses crossed the Red Sea." . . . Romeo Salta's was burglarized of \$6500, plus 300 secret recipes. . . . June Baier, who has a small role in "The Duchen Story," was recently a hostess at the Cheers Restaurant.

Siri, a showgirl in "The Ziegfeld Follies," was asked about her recent. She said, "It's Swedish, but I'm adding Hungarian."

The Fremont Hotel in Las Vegas, opening next month, will have the state's biggest casino.

Two dancers quit the forthcoming musical, "Shangri-La"; refused to dye their hair black. . . . UA's Alexander the Great may be its all-time biggest money-maker. . . . Dizzy Gillespie's jazz band, touring the Middle East, has one female musician — the trombonist. . . . Shippy's in Southampton claims it now offers "pizza Cantonese."

Singer Toby Stevens was ordered by Equity to change her name, 'cause a Toby Stevens was already registered. (She's now Toby Sherwood). . . . Part of the fiddle section of "My Fair Lady" was late after intermission the other night. The conductor found the violinist talking to a customer in the audience—Jacsha Helfetz.

WISH I'D SAID THAT: "The best way to soften up some girls is to soak them in money."—Fred Chiaventone.

TODAY'S NEST LAUGH: "The sneaky thing about gray hair is that it generally comes along about 20 years after you thought it would make you look distinguished."—Ima Washout.

"One nice thing about small towns," notes Charley Grants, "—there's no place to go where you shouldn't." . . . That's earl, brother.

A Bible class, sponsored by the "Five C's," will meet on Monday at 8 at the home of Mr. and Mrs. Jack Chubb, 38179 Paradise Way.

Lesson Sermon is Probation After Death

The greatly loved Twenty-third Psalm is included in the Lesson-Sermon on "Probation After Death" Sunday in all Christian Science Churches.

Here David says, "Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me" (23:4) The Psalmist indicates that we cannot be separated from God, no matter what the circumstances with which we are confronted.

Correlating this comforting thought is the passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Nothing can interfere with the harmony of being nor end the existence of man in Science."

She continues, "If man is never to overcome death, why do the Scriptures say, 'The last enemy that shall be destroyed is death?' The tenor of the Word shows that we shall obtain the victory over death in proportion as we overcome sin" (p. 427).

The Golden Text is from I Corinthians (6:14), "God hath both raised up the Lord, and will also raise up as by his own power."

First Baptist to be Organized at Indio May 1

A new "Church Extension Project" will begin the first Sunday in May in Indio. This project is the outcome of a request from interested people in Indio to the First Baptist Church in Thermal to sponsor them in a work to be related to their church and the American Baptist Convention.

The work is also to be sponsored by the Southern California Baptist Church Extension Department with Dr. George Downing as director. The Thermal Church voted to accept the petition of the group in Indio and to sponsor the new venture.

Although a starting date has been set, the place of meeting will be announced later. The Rev. Richard A. Uzzel, pastor at Thermal, will lead in the new work through the summer months until September when a new leader will be placed on the field. Rev. Uzzel will conduct a worship service on Sunday morning at 9:30 a.m. in Indio, and then return to his own pulpit in Thermal for the 11 a.m. service.

A single kilowatt-hour of electricity will light a 150-watt reading lamp for 6 2/3 hours, run a clock for 20 days, run a vacuum cleaner for three hours, run the average electric refrigerator for one day, run a food freezer for 12 hours, run a washing machine for four hours, operate a television set for three hours.

Christian Life Series Continues at Our Savior's

The second in a series of sermons on the Christian Life will be heard on Sunday morning in Our Savior's Lutheran Church at the American Legion hall. The theme of Pastor Hass' sermon is: "The Christian Life is a Life of Joy."

The first Sunday School picnic of Our Savior's Lutheran Sunday school is to be held at Tamarisk Park on Sunday, April 22. A potluck dinner will be held in the park immediately after the worship service on Sunday morning. An invitation is extended to all the worshippers to come and enjoy the fellowship.

North America had 61 fires last year in which the loss exceeded \$1,000,000.

At Sky Ridge Trailer Park

Mrs. Nancy Barnhisel of Sky Ridge Trailer Park had an exhibit of some of her paintings at the Desert Art Center in Palm Springs recently which was very successful.

Mrs. Roy Hendrickson entertained 14 ladies from the Twenty-nine Palms Community Church, in the clubhouse at Sky Ridge Tuesday afternoon. A lunch was served, and afterward Merle Hancock, accompanied by Mrs. R. L. Gourlay, sang three appropriate numbers. Mrs. Ross Harrison gave a short reading.

Mrs. Inez Horsley is back at Sky Ridge after spending several weeks at her home convalescing from a broken foot.

Mrs. Evelyn Stover of Tacoma,

Washington, spent several days the past week as a guest of the Ross Harrisons.

Mr. and Mrs. Tom Bunn of the Los Angeles area have been guests of Merle and Clara Hancock.

Mrs. Alma Lee, of Great Falls, Montana, is spending a month visiting her sister, Mrs. Ross Harrison.

New tenants to be welcomed into the Sky Ridge family include: Mr. and Mrs. George Rassmussen of Seattle, Mr. and Mrs. William Yarnell of Long Beach, Mr. and Mrs. Lee Schmidt of Downey, Mr. and Mrs. Edwin Gardner and daughter, Louise, of Ventura, and Mr. and Mrs. Robert Nerlinden of Pasadena, and Mr. and Mrs. Robert Jewell of Whittier.

Don't Need Diet, Just Right Scales

BOSTON (AP)—Chubby persons would willingly weigh themselves on a new set of scales at Boston's Museum of Science.

A 420-pound circus fat lady, for instance would tip the scale at a mere 70 pounds. A 136-pound "lightweight" would register only 31 pounds on the scale specially manufactured by Fairbanks Morse & Co.

The scales are designed to show what the user would weigh on the moon where, because of the difference in gravity, objects on the earth's surface are six times as heavy as they would be on the moon.

Detergent Types are Important

AMES, Ia. (AP)—If your present detergent or soap isn't doing the complete cleaning job, the answer might be on the label, according to the extension home economics specialists at Iowa State College.

If the label says that your detergent or soap is of the "unbuilt" variety, it simply isn't strong enough to get the heavy-duty washing done.

Women who have a lot of cotton or heavy-duty laundering to do should get a detergent or soap that is "built." These cleaning agents have the needed power while the others allow an unacceptable amount of redistribution of soil on the fabric after it has been removed once by the detergent.

Women should get soaps or detergents of both types. While the "built" ones work best in heavy duty washing, the "unbuilt" soaps and detergents are best for dainty things.

Rancho Trailer Residents Planning Summer Activities

Word was received from the R. W. Brambles from Los Angeles that they were the great-grandparents of twin boys. The Brambles expect to return to Rancho Trailer Park within the next few days to recuperate from this event.

Mr. and Mrs. Earl Oliver from Calgary, Alberta, Canada, were recent guests of Mr. and Mrs. Roy German.

The H. H. Renneckers have written from Florida that they will return to Rancho this Fall. They plan an extended visit in the East before returning.

A group of 65 Ranchoites gathered together for a picnic lunch at Hidden Valley in the Joshua National Monument. A grand time was enjoyed by all participants. Music for singing and dancing was furnished by the Stricklands, with Lillian Shimmings calling the dances.

Mr. and Mrs. Jack Wilson have just returned from a three months trip to Mexico.

Mr. and Mrs. Simon Bacon of San Pedro, California, have purchased the David Guest ramada. Mr. Bacon, recently retired, was the owner of a converted mine sweeper which was under contract to the United Geophysical Corporation for use in oil exploration activities off the Pacific Coast.

ROSCOE FRASHER of Rancho has been named temporary secretary of the TTCA pending election of a permanent official.

Rancho can no longer hold its ardent fishermen. The pull of the northern streams is calling. The Frank Henrys have left for Campbell River. Ed and Frances Clement are temporarily located in the overnight area and are leaving in a few days for the Campbell River country. Ed and Nova Shelton left Thursday, destination the same.

Wellman and Addie Holbrook are leaving this warm climate for a Summer trip to Anchorage, Alaska.

The park play-offs for shuffleboard trophy cups is currently under way with two out of three tournaments completed. Nellie Wilson won the Ladies' Tournament by defeating Mori Scott two

out of three games. This is her second win, and the cup donated by the Gardner Grocery becomes permanent possession of the contestant after a third win.

The contest for the Men's Trophy cup, donated by Jack Conaway of the Rancho Barber Shop, found Lee Mathis and Earl Merritt fighting nip and tuck to the finish with Lee Mathis emerging the victor. Merritt won in 1955 and as this cup also requires three wins for possession he was anxious to chalk up a second win. However, Mathis had what it took so we now have two names on the cup.

ONLY ONE FINAL contest remains to be played and that is for the Whittinger Memorial cup. Competition is keen as each player is most desirous of having either his or her name to be the first one inscribed upon this cup.

Sunday evening pictures were shown by Roscoe Frasher. He presented a set of color slides of the Wally Byam Eastern Canadian caravan.

Sixty ladies of Rancho gathered in the clubhouse on Friday at a luncheon party given by Effie Shaduck. This affair was enjoyed by all the ladies present. The party was given a touch of old Mexico starting with place cards of Mexican figurines and stamp pots. Bridge and canasta filled the afternoon's activities. Door and bridge prizes were both won by Addie Holbrook with Daisy Roberts winning the canasta prize.

Duplicate bridge winners of the week were Madeline Dailey, Ruth Parker, Lola Roche and Edith Simmons.

Co-hostesses are Mrs. Hilton H. McCabe, Mrs. C. Ronald Ellis and Mrs. Myron B. Persons. Dessert and beverages will be served.

Sobels of Merrick, the Joseph Barnetts of Flushing, the Cy Alexanders of Harrison, the Joseph Ehrlichs of Brooklyn. New Pans Good for Stove or Ice Box

Now pots and pans can go from the range to the refrigerator. One new aluminum saucepan has a removable handle and plastic cover so that it can be used for storing food as well as cooking it. Also new is an aluminum cake pan which simplifies the cooling of angel food cakes. It has legs which close against the sides of the pan during baking, but can be snapped down like stilts for cooling.

Ranch Club Luau Friday

It will be luau time at the Palm Springs Ranch Club next Friday evening, as Noel Clarke presents a full scale Island feast. There will be special entertainment, and some real surprises are being arranged, Maitre d' Roy Bradley said today.

Fresh fruits and tropical foodstuffs, flowers and leis are being flown here from Hawaii for the occasion. Suckling pig will be the chief entree on the menus that night, and Don the Beachcomber drinks will be served, with the local restaurant sending over a bartender for the occasion.

Plans are being made to hold the luau in the garden around the pool, with luau torches blazing. Reservations for the super luau may be made by calling the Ranch Club (5061).

Mrs. Trudy Blanco and her son Sergio Blanco, of Mexico City, will arrive tomorrow for a visit with Trixie Jarrette. Mrs. Blanco is Trixie's mother and Sergio is her brother. The visitors from south of the border will be in the United States for about two months, dividing their time between Palm Springs and Long Beach.

Janet Jaynes is Bride of John Opel

In a simple ceremony at Our Lady of Solitude Church Wednesday afternoon, Janet Dale Jaynes, daughter of Mr. and Mrs. Oliver Brown Jaynes, became the bride of Lt. (jg) John Thomas Opel, son of Mr. and Mrs. Raymond F. Opel of St. Louis. Monsignor John Power officiated.

It was a small family wedding, with the bridegroom's mother flying here from St. Louis for the ceremony.

The bride, who was given in marriage by her father, wore a pink waltz-length gown of pure silk, with bouffant skirt and scoop neckline. She wore a wedding corsage of white orchids.

A graduate of Anokiak, Janet attended Stanford University, and this year has been in Washington, D.C., where she was on the staff of Military Magazine.

The bridegroom is a graduate of St. Louis University, where he was affiliated with Theta Kappa Phi fraternity. He has been in the service of the United States Coast Guard at Norfolk, Virginia, for the past two and a half years.

The young couple have planned a honeymoon motor trip along the East Coast following the groom's completion of service in May.

The sun always shines on Desert Circus parades... Whether it is just normal Palm Springs weather... or whether it is an emanation from the gaiety of Desert Circus week... it's good parade weather... Palm Canyon Drive, too, is at its best with crowds thronging both sides of the palm-lined street... flags flying, bands playing, and silver harness jingling on champion horses... Last night's Big Top Ball under the tent at Thunderbird... was one of the most colorful affairs in Village history... and today's parade one of the greatest... Tonight's Kangaroo Court will climax April's biggest event in this foremost desert resort... We loved it, the tourists loved it, and Palm Springs charities have benefited...

The Kangaroo Court will be held this evening... from 5:30 to 9:30... on El Mirador's terrace, just off the main lobby... Admission is your immunity button... and the entertainment will be the court trials of those who have accepted subpoenas from Desert Circus deputies... There will be other entertainment... but, with Judge Leo Field on the bench, this is the tops...

Luau time is almost here... and one of the first will be the big one to be staged in the Ranch Club gardens... on the evening of April 27... The following night, Dr. and Mrs. Claude F. Simpson will host a luau at their home on Tamarisk Road... This is being given for a group from Manual Arts High School... "The Artisan Coterie" that was founded almost 33 years ago... with the men maintaining their friendship and close relationship through the years... Desert Air will hold its annual luau... always one of the greatest... late in May...

The Maury Horners and Tom White have invited friends to drop in tomorrow evening... for an "empty-the-bottles" party... that will be held in the new room that has just been added to their home on Via Las Palmas... These three will be leaving soon for Lake Forest... so this is also by way of a farewell party...

The Philip Waites, annual Winter visitors, who have been at Ingleside since the last of February... left today for Pasadena... where they will be entertained by their long-time friends Mr. and Mrs. Robert Higgins... They will spend a few days at the Town House in Los Angeles... before returning home to Oshkosh, Wisconsin... Mr. Waite is owner and president of the Waite Carpet Company...

Ralph Wilcox Taylor entertained in the Spur and Sable Room the other evening... for Mrs. C. F. Blue and the Joseph Cliffords of Palm Beach... Taylor and the Cliffords had been neighbors in Palm Beach...

Mrs. Clara Irvine of Bremerton is here for a two weeks' visit with her daughter Mrs. Ray Reutlinger of Cathedral City. With Mrs. Irvine is her other daughter Mrs. Donald Edson, who also lives in Bremerton.

Tickets for Hollywood Bowl on Sale

Music lovers of this county are showing great interest in the sale of season tickets for Hollywood Bowl's summer musical series which starts July 10, it was announced today.

Victor Montgomery, president, Hollywood Bowl Association, said disposition of "specially priced" season tickets is setting a new record and attests high musical appreciation in this area.

Music devotees, he pointed out, save from one-half to one-fifth on the regular price of seats — depending on location — by buying for the season.

Already one-half as many season ticket locations have been sold as were issued for all of last year.

The sale is progressing at the Bowl Office, 2301 North Highland Ave., Los Angeles, where it is announced that Eugene Ormandy,

QUEEN ANITA EKBERG made her first public appearance for Desert Circus Week at the Big Top Ball. She was photographed with Mr. and Mrs. George Cameron. Mrs. Cameron is wearing a leaf-trimmed Eve costume, with an apple on her head.

CIRCUS COSTUMES were varied at the Big Top Ball, with Western and circus garb about equally divided. Here are, from left, Mrs. Lester Selig, John Gillin of Dallas, and Mrs. Skinny Ennis.

THE CHERRY SISTERS, otherwise known as Helen Kenaston (left), Ruth Manseau and Barbara Hinkle (right), posed for the Big Top Ball with Maggie Hiegs perched a-top the elephant.

AN ERMINE VEST was part of the Western outfit worn by Anita Haskell Jones, when she joined High Sheriff Trav Rogers and other deputies for the annual Night on the Town. They were photographed at the Ranch Club Kick Off party.

ONE OF THE CLOWNS (it's Joe Burgess) got into the act when a circus wagon full of merry-makers was photographed. From left, Mrs. Edwin Fallgren, Mrs. Frank Bering, TV Star Philip Reed and High Sheriff Trav Rogers.

Kiwanis Clubs to Mark Annual Goodwill Week

The annual United States-Canada Goodwill Week will be observed for the first time by the Palm Springs Kiwanis Club at its luncheon meeting at 12:15 Tuesday at Saddle and Sirloin.

Feature of the event will be an uniquely arranged long distance joint meeting with the Mount Pleasant-Cambie club in Vancouver, made possible with microphones and loud speakers set up in meeting places of both clubs. Local arrangements are being made by the California Water and Telephone Company.

Greeting songs will be exchanged, and a combined opening ceremony will be conducted with the clubs alternating phases of their ritual. Names of Kiwanians from Canada who visited the local club this year will be read, together with a greeting from each to the Vancouver club.

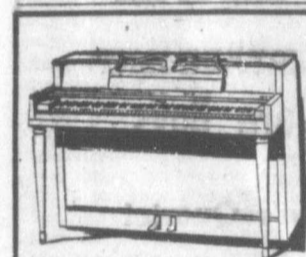

Mayor Florian G. Boyd will present a brief address on U. S.-Canadian Relations. Ray Corliss will be master of ceremonies, and N. K. MacDonald, who was born and raised in Canada, will be program chairman. He is a past president of the club.

Main speaker of the day will be Maurice Collwell, who does psychiatric social work and is employed by a Hollywood Kiwanis Club and works with the YMCA there with problem boys. National Youth Week will be observed in this manner.

Bill Ford, president, will preside at the meeting.

Prayer Science to be Explained

Taking as her Bible text Christ Jesus' words, "If ye abide in me and my words abide in you, ye shall ask what ye will and it shall be done unto you."

Dr. Irma Glen, minister of the Church of Religious Science, tomorrow morning will endeavor to explain why some prayers are answered and some are not.

"We should bear in mind that the prayers which are effective—no matter whose prayers they may be—are effective because they embody certain universal principles which, when understood, can be consciously used," says Dr. Ernest Holmes, founder of Religious Science.

Guest vocalist for Sunday services will be Elaine Noble, coloratura soprano, who will sing Solweig's Song by Grieg. Dr. Glen will be at the organ.

Sunday services of the church of Religious Science of Palm Springs are held in the El Paseo Theatre at 810 North Palm Canyon Drive at 10:45.

Midweek meetings are held on Thursdays at 8 p.m. in the Palm Springs Women's Club, Cabuilla at Baristo Road. Next Thursday's topic will be "Your Future is Now!"

This service is preceded by a fifteen-minute hymn-sing, and is followed by a question and answer, and open discussion period on the Science of Mind. All are invited.

The direction of Mrs. Kathleen Catherwood and Frank Humberger. This group extends an invitation to all Junior High Young People. The High School Christian Endeavor meets at the same time in the church parlor.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK — Fearless Fraley's facts and figures:

Behind the five-hitter which comebacking Bobby Shantz spun against the Detroit Tigers was an ultimatum from Kansas City Manager Lou Boudreau.

"You've got to find out whether you're a pitcher or whether you aren't," Boudreau told Shantz this morning after the little guy, most valuable player of 1952, had won only six games in the last two years because of a sore arm.

"You'll just have to cut loose and see whether the arm will take it or not."

BOUDREAU, AND other baseball men, contend that this fear of "cutting loose" and ruining their arm for good is one of the main reasons why sore-armed pitchers have such a tough time coming back . . . the ultimatum may bring Shantz right back to the top.

Take it from Jimmy Demaret, the "old guard" will be back in full command when the golfing contingent returns north. The youngsters, he says, don't have a full command of all the necessary shots.

"All they can do is chip and putt," Demaret scorched. "Ben Hogan and Sam Snead, if they were playing regularly, could win 80 per cent of the tournaments."

But Jimmy Thomson, the longest hitter in golf history, advises "Keep your eye on Don January and Don Fairfield." The latter could double as Abe Lincoln as a young man while Thomson says of the former: "Watch January in July."

NAVY HAS BROUGHT back its 1952 Olympic rowing champions, now dubbed the "Admirals," for a shot at the 1956 Melbourne games but the graduated sailors may find more than they can handle in Penn's junior varsity.

Averaging better than 6-feet, 4-inches, the Penn Jayvees already have knocked a fine Penn varsity team out of business with a boat which includes six sophomores.

The big tipoff on the Penn youngsters comes today in the Childs Cup Regatta on the Harlem.

Eddie Arcaro recalls the time when, after losing on a favorite, an irate bettor shouted: "I'll never bet on you again."

"So go bet on Ted Atkinson," Arcaro snapped back.

Atkinson won the next race. At which point the miffed bettor rushed up to Arcaro and beamed "Gee, Eddie, thanks for the tip."

Arcaro himself doesn't bet, aside from a few "mental bets."

"So now all he's losing," he heckled a bystander, "is his mind!"

Eddie Mathew's Booming Bat Gives Braves Hope that this is the Big Year

By FRED DOWN
United Press Sports Writer

Eddie Mathew's booming bat is the No. 1 reason the unbeaten Milwaukee Braves are off today to the best start in their four-year history.

An early season flop last year when the Brooklyn Dodgers romped off to an overwhelming lead in the National League race, the 25-year old slugger from Texarkana, Tex., walloped two home runs Friday night to pace the Braves to a 5-4 decision over the St. Louis Cardinals.

It was the third straight victory for the Braves, who opened the season with two straight wins over the Chicago Cubs.

Mathews, who had a perfect night with three hits and three runs in three at bats, homered in the fourth and sixth innings and then singled to touch off an eighth-inning game-winning rally. Big Ed scored the winning run when Bob Thomson delivered a sacrifice fly with the bases filled.

MATHEWS OUTBURST was especially encouraging to the pennant-hungry Braves, because the big fellow didn't connect for his first round-tripper last year until their 16th game on May 1 and he didn't hit his second until their 23rd game on May 8.

American League castoff Lou Sleater, third Milwaukee pitcher, limited the Cardinals to two hits in 2 2/3 innings to gain credit for the triumph. The crowd of 23,984 set an opening day record for the Cardinals.

The Chicago White Sox, off to their best start since 1951, also remained unbeaten when they beat the Kansas City Athletics, 6-3, with the aid of a two-run ninth-inning homer by pinchhitter Ron Northey. Brilliant pitching was the order of the day as a total of 194.615 fans viewed the eight "secondary openers."

Roger Craig didn't yield a hit until the seventh inning and finished with a four-hitter as the world champion Dodgers beat the Pittsburgh Pirates, 6-0.

Sam Jones, NL strikeout king in 1955, also pitched a four-hitter and struck out nine batters behind an 18-hit attack that carried the Cubs to a 12-1 rout of the Cincinnati Redlegs.

Del Ennis broke up another tight pitching duel with a 10-inning bases-filled single that gave the Philadelphia Phillies a 2-1 decision over the New York Giants.

WHITEY FORD tossed a five-hitter and Mickey Mantle blasted his third homer of the year, a three-run seventh-inning wallop, to lead the New York Yankees to a 7-1 conquest of the Boston Red Sox.

Early Wynn hurled a five-hitter in his 1956 debut to score the 202nd win of his career as the Cleveland Indians beat the Detroit Tigers, 3-1.

Gus Triandos' two-run seventh-inning homer gave the Baltimore Orioles a 3-2 win over the Washington Senators and enabled Jim Wilson, 12-game winner in 1955, to gain the nod over Dick Brodowski.

Padres Boost Lead in PCL with 8-2 Win Over Suds; Erautt Gets Credit

By DON THACKREY
United Press Sports Writer

All the winners in the Pacific Coast League used the big inning to score wins in last night's games but the Vancouver Mounties didn't get around to the large frame until early this morning.

The newcomer Mounties pushed across three runs in the top of the 13th inning to dump Sacramento 6-3 in a game that consumed four hours and 16 minutes and wasn't decided until after midnight.

San Diego increased its PCL lead to a game and a half by scoring five times in the second frame and upending Seattle 8-2 on Ed Erautt's six-hit pitching. Cholly Naranjo limited Portland to three hits and the Hollywood Stars got a 7-0 win. And San Francisco had a five-run inning that was just big

enough to allow the Seals to beat Los Angeles 6-5 with a run in the bottom of the ninth with two out.

San Diego got rid of Fred Baczewski in the second inning and continued against three other Seattle pitchers as the Padres shoved the Rainiers further out of the lead.

Erautt went the distance for his first win of the season against two losses and had a 7-0 lead, thanks to the big five-run second, before Seattle got on the scoreboard.

BARBARA ROMACK WINS
SOUTH SAN FRANCISCO — Barbara Romack, 23-year-old former national amateur golf queen from Sacramento, won her third California Women's Amateur Golf Championship Friday with an 11-9 rout of Mrs. George Downing of Atherton.

Rocky Again Ponders Plan to Quit Ring

Says He'll Not Make Decision Until He Gets Back To N.Y.

ATLANTA, Ga. — Heavyweight champion Rocky Marciano today pondered the important question of whether to yield to family pressure and retire or to boxing associates who want him to defend his title.

No announcement on what decision he has made or will make is expected until the champion gets back to New York. He said he would not come to any decision before a couple of weeks, at the earliest.

After meeting Friday in Macon, Ga., with his manager, Al Weill, Marciano bank-pedaled from earlier statements that strongly indicated he was about to retire.

More than one reporter heard Marciano say here before he traveled the 90 miles to Macon to meet with Weill that it made sense for him to retire.

But after the meeting, Marciano denied he had committed himself so positively.

Marciano said after arriving in Atlanta from a South American tour that, "As for myself, I want to retire."

"I have come as far as I can in boxing," he told Atlanta reporters. "From now on, all I can do is decline. I can get no better, nor can I reach any higher goal."

Three Tied in Arlington Open

HOT SPRINGS, Ark. — Three pros went into today's third round of the \$15,000 Arlington Open golf tournament deadlocked with 133 totals — defending champion Bo Wining, Oklahoma City; Billy Maxwell, Abilene, Tex., and Pete Fleming, Hot Springs, Ark.

Two strokes off the pace was Dr. Cary Middlecoff with rounds of 65-70-135.

Record Jump Not for Record Book

LOS ANGELES — An 18-year-old high school athlete broad-jumped 25 feet, 4 1/2 inches Friday to better the national mark by one-quarter of an inch, but the record leap cannot be counted.

The mark, set by Oscar Bean, Jefferson High School senior, won't go into the record books because only two teams competed in the meet. It takes four competing schools to make a record possible.

OHIO RELAYS START
COLUMBUS, Ohio — The Ohio Relays, featuring at least 15 Olympic prospects and three defending champions in a field of 400, begins at Ohio Stadium here today with the 400-meter hurdles.

Mantle May Set Home-Run Mark

NEW YORK — Mickey Mantle, the Yankees' "tape measure" slugger, can break Babe Ruth's record of 60 homers in one season if he "will only not swing so hard."

That was the analysis issued today by "Professor" Casey Stengel as Mantle, the American League home run champion last year with 37 circuit clouts, got off in front of the major league pack with three in his first four games.

Mantle's first two came on opening day at Washington and carried at least 450 feet each. His third, a more modest 330-footer, came yesterday at Yankee Stadium and helped beat Boston, 7-1.

"There is no doubt that maybe he is the greatest distance hitter in baseball history," declared Yankee Manager Stengel. "Only trouble is, what's the difference whether a homer goes 500 feet or only 300 feet? It's a homer either way."

Stengel, however, explained his seemingly-backward theory of "less power, more homers."

"Mantle has got so much natural power that even when he don't hit the ball so good, he still gets a measly 350 foot homer," Casey pointed out. "So figure it this way: If he cuts down on his swing and just tries to meet the ball, he will get lots more hits and in those hits will be more homers."

Fullmer Nearer Crack at Numez

CLEVELAND, Ohio — Seventh-ranked middleweight contender Gene Fullmer of West Jordan, Utah, earned a crack at European champion Charles Humez of France Friday night by punching his way to a unanimous 10-round decision over Ralph Jones of Yonkers, N.Y.

Matchmaker Billy Brown of Madison Square Garden watched the TV fight along with 2,500 enthralled fans in Public Auditorium, a contract for a Humez fight in his pocket.

DON'T BE STAMPEDED!

There IS opposition to the so-called "oil conservation" measure being circulated in California

Its promoters are Standard Oil, Richfield Oil, and several other major international oil companies with HUGE ARABIAN OIL INVESTMENTS

They have already spent several million dollars to propagandize their scheme. They are planning to spend millions more to put it over at the November election.

WHY?

In the public interest?
Or in their own interest?

Why did they by-pass your representatives in the State Legislature?

Were they afraid that committee hearings and floor debate would expose their "conservation" bill as a greedy and arrogant OIL CONTROL device to give them MONOPOLY over the oil business in California?

Why didn't they consult the hundreds of small independent California producers, refiners and marketers?

Was it because they want to choke off competition from the independents? If the independents are throttled, won't the major international oil companies flood California with Arabian oil and line their pockets with fabulous profits?

HOW WILL OIL CONTROL AFFECT YOU?

What will it mean to the property owners of California?
How many California workers will it throw out of jobs?
What will it cost the State in wealth and taxes?

THE CALIFORNIA OIL INDUSTRY OPERATES TODAY—AND HAS OPERATED FOR YEARS—UNDER STRICT STATE CONSERVATION LAWS. THESE LAWS ARE THE BEST IN THE NATION.

YES, there IS opposition to this OIL CONTROL scheme; and there will be growing opposition from an aroused public when the true story is told.

Don't be STAMPEDED! Get the FACTS! Don't be MISLED!

SAM SEZ:

"SUCCESS is nothing but a good idea coupled with hard work.
Some people who work hard never become a success be-
cause they can't think up good ideas. Why not let us help
you? Hard work plus water can — roses are more in de-
mand than greasewood. Let us sell you 10 acres with water
for \$5000 on easy terms. Improve the land with some shade
trees and re-sell at \$2000 per acre or more. It can be done!
This is a good opportunity for ambitious young people who
are thinking ahead—or someone with the pioneer spirit. One
of these day you won't be able to buy 10 big acre lots
with water for \$500 per lot. Opportunity is knocking now!"

1.—Wonder Estate lots on the Tamarisk Country Golf Club, sur-
rounded by the Greens, \$12,000, other lots \$10,000, to those
persons qualified to become club members.

2.—Two R-3 lots 100'x100' each, adjoining on paved street (cor-
ner) — utilities, Cathedral City area, fast growing develop-
ment. Homes needed for rent and sale. \$4500, terms, \$4000
cash. Good lots are getting scarce in this wonderful natural
TV area.

3.—\$100 per year gives you squatting rights on 40 acres I own,
out in the flats near here. Park a trailer if you wish. The
well had water in it in 1952, needs some cleaning out —
hand pump used to give domestic water. Squatting rights
limited to 10 parties, if you like peace and quiet—this is it!

4.—10 acre night club spot on Ramon Road, near Cathedral City
junction road, \$15,000 — \$3750 handles. Good place for
Hawaiian or tropical type club. People like to drive out of
town sometimes, especially to a romantic spot. Also good
for trailer park, utilities available.

5.—20 acre ranch — many improvements, near Bing Crosby's
new golf course, nets \$4000 to \$8000 per year under paid

D. D. WATSON

Commissioner to Hold Real Estate Session

D. D. Watson, State Real Estate Commissioner, and his top aides will hold a meeting for all real estate licensees at 7:30 p.m., Monday, at the American Legion hall.

The Palm Springs Real Estate Board is cooperating with the commissioner on arrangements, and indications are that the meeting will be the largest of its kind ever held in this area.

"Various new laws affecting those engaged in the real estate business have prompted hundreds of inquiries by letter and telephone from those in the business," Watson said. For this reason, meetings have been scheduled throughout the state for all real estate licensees and prospective licensees.

The meeting will be conducted on a panel basis. The commissioner will act as moderator, and the various questions will be answered by him, his two chief deputies, Gaylord K. Nye and Robert Griffin, and Terry Ray, president of the local board, who also will preside at the meeting.

Many of the questions are expected to cover the new method of licensing persons entering the business, and also the application of the new regulations affecting brokers who make mortgage or trust deed loans. The panel discussion will be informal, and questions will be invited from the audience.

"The need for getting together with licensees to explain and impress upon them their responsibilities to the public has long been apparent," Watson said. "After careful consideration, it was decided that the series of panel discussions would be most effective in accomplishing this purpose."

GORHAM, Me. (AP) — Mr. and Mrs. Willie Lamb, who run a 73-acre farm here, still make butter every Thursday, using an old-fashioned churn. They have made about 2000 pounds of butter annually for the past 32 years.
